No. 58 of 1851.—The Right Honorable the Governor in Council directs the publication of the following Despatch from the Honorable the Court of Directors to the Most Noble the Governor General of India, ordering the dismissal of Captain Henry Wakeman of the 42d Regiment Native Infantry, from the Service.

MILITARY DEPARTMENT.

No. 2 of 1851.

Our Governor General of India in Council.

Reply to Revenue Letter from the Governor General, dated 14th July 1850, No. 1.

Transmit Papers relating to certain travelling allowances charged by Captain Henry Wakeman, 42d Regt. Madras N. I. Deputy Commissioner in Saugor for periods during which he was not actually on Circuit. After due investigation into Captain Wakeman's conduct, he was permitted to resign his appointment on the understanding that he retires within twenty days after his resignation. Also Revenue Letter, dated 4th October 1850, No. 2.

It has been reported to the Governor General that Captain Wakeman has, in violation of the condition abovementioned surreptitiously obtained leave from the Military Department at Calcutta and has repaired to England retaining his position in the Military Service. The Governor General submits his opinion that his recent act has so much aggravated his original offence that he ought to be dismissed from the Service instead of being permitted to retire from it.

Para 1. After full inquiry, it was ascertained that Captain Wakeman had preferred a charge for Travelling Tentage during a large number of days on which he was residing in his own house at his Head Quarter Station, and that he supported his Bill by a false and fictitious statement of the stages at which he had encamped upon those days respectively.

2. Captain Wakeman, in a letter (without date) forwarded to Government, by the Commissioner of the Saugor and Nerbudda Territories, in a letter dated on the 30th May 1850, stated that, in consequence of his shattered health, he was unable to meet the investigation of any charge against him, and requested to be allowed to resign his appointment "to be followed within twenty days by my retiring from the Service altogether."

3. Your Government replied as follows, under date the 5th July 1850.

"Under ordinary circumstances, the Governor General would not permit any Officer, in the position "in which Captain Wakeman has placed himself to *resign* his appointment. He would dismiss him, and "gazette him as dismissed."

"Captain Wakeman appears, from previous correspondence, to have been, as he describes himself, "shattered in body and mind. His Lordship does not consider this as an excuse of the dishonest charge "against the State of which he has been convicted, but it is perhaps an extenuation of that or of any other "culpable act which he might have committed.

"The Governor General therefore permits Captain Wakemen to resign his appointment, on the under- "standing that he is to retire twenty days after his resignation."

4. It now appears that Captain Wakeman, instead of retiring from the Service, obtained surreptitiously, through the Adjutant General's Department at the Presidency, a sick Furlough to England, as published in G. O. of the 2d August 1850, and that he sailed from Calcutta on the 8th of that month.

5. The Governor General observes that "Captain Wakeman has, in many ways, been treated with "leniency which was continued to the last, and which now appears to have been undeserved and mis- "placed. He was convicted of grossly dishonest and dishonorable conduct. He was treated with indul- "gence, on condition of retiring from a Service which he had disgraced. Captain Wakeman has accepted "the indulgence, but has violated the condition."

6. Before proceeding to a decision on this case, we resolved to give Captain Wakeman (who had reported his arrival in this Country) an opportunity of furnishing any explanation of his conduct which he might have it in his power to lay before us.

7. We have now received his reply, from which it appears that, he deliberately abstained from fulfilling the condition above specified, in order that he might "make arrangements" with his Regiment.

8. On a full consideration of all these circumstances, we have resolved that Captain Wakeman be dismissed from our Service, and that this dismissal take effect from the expiration of twenty days from the date when his resignation of his Office as Deputy Commissioner in Saugor, was accepted by your Government.

(Sd.) JOHN SHEPHERD,
and 12 other Directors.

London, 22d January 1851.

The dismissal of Captain Wakeman is to take effect from the 31st July 1850.

GENERAL ORDER BY THE MOST NOBLE THE GOVERNOR GENERAL OF INDIA.

Camp Peshawur, the 15th March 1851.

The strength of the Rum and Spirits supplied from Canteens varying at the several Presidencies, and that issued in Bengal, which is only 10 per cent under London proof, being found to be injurious to the health of the Soldier, the Most Noble the Governor General of India, in order to insure uniformity, and in continuation of G. O. G. G.* of the 25th of June last, is pleased to direct, that all Rum or Spirits issued from Canteens at the three Presidencies shall hereafter, in conformity with the practice in Bombay, be 24 per cent under London proof.

The Spirits will be kept in the Commissariat Stores at its present strength. When required by Canteens a responsible person is to be deputed, in whose presence its strength is to be tested with both the Commissariat and Regimental Hydrometers, and a sufficient quantity of water is to be added to reduce it to 24 per cent under London proof.

It is not intended that the retail price shall be altered, or that the Soldier shall have less pure Spirit for that price than at present. Enlarged measures adapted to contain the same quantity of pure Spirit as at present, with the necessary proportion of water to dilute it to the extent mentioned have been prepared at the Calcutta Mint, and will be issued through the Military Board to Corps and Detachments.

SECTION II.

~~Commanding~~ Officers.

1. On the decease of any Commissioned or Warrant Officer, report is to be made by the Officer Commanding the Regiment or Station or Head of Department, with as little delay as practicable, to the Military Secretary to Government, stating whether there is a Will—whether there are any and what relatives in India—and whether the Estate is believed to be solvent.

* 2. When Wills are found, carefully prepared certified copies are to be forwarded for the orders of the Military Secretary.

3. When a Will is found or known to exist, and any named Executor is at hand and prepared to act—or when no Will is found, but the family of the deceased Officer is on the spot, and the Estate is believed to be solvent—the Commanding Officer is to postpone all proceedings pending reference to the Military Secretary.

4. In the case of an Officer dying at a station too distant to admit of previous reference to the Military Secretary without distress or serious inconvenience to parties concerned, the Officer Commanding is authorised to make over the property to the Executor or Widow, upon an engagement to be answerable for all just demands to the extent of the Estate and to take out Administration if required.

5. If the Estate be not solvent, the usual course must be followed, but the assembly of the Committee of adjustment may be deferred at the Commanding Officer's discretion, it being only necessary to insure that all property belonging to the Estate be accurately accounted for.

* 6. Excepting only in the case provided for, in para 4, Effects are never to be made over to any party without the previous sanction of the Military Secretary.

7. Commanding Officers are held responsible that no unnecessary delay takes place in disposing of Effects. They are directed however to act in this respect as may appear to them to be most for the benefit of the Estate.

8. The responsibility for the sale of Effects and for the realisation of the proceeds rests with the Commanding Officer, the Committee of Adjustment affording such assistance as he may see fit to require.

* 9. The Auctioneer is to be appointed by the Commanding Officer. His Commission is to be limited to 5 per cent, to include all charges—and not to be paid till his accounts have been passed, and the amount of proceeds realised.

* 10. It will rest with the Commanding Officer to allow such credit as he may consider necessary—bearing in mind however that he is held responsible for the amount to be realised.

11. When any military person indebted to an Estate shall, before the full payment of the account of his purchase, apply for leave of absence on sick certificate or otherwise, it will be the

duty of the Officer in charge of the Estate from which such purchases have been made to recover the payment of the debt prior to the departure of the individual from his Station, or to report the default to the Military Secretary.

12. All sums recovered on account of Estates are to be paid into the nearest Pay Office, or if at Madras into the General Treasury—and in order to relieve themselves from responsibility as much as practicable, Commanding Officers are authorised to make such deposits as sums accrue, without waiting for the final adjustment of accounts.

* 13. The Paymaster's receipts for such deposits are to be forwarded to the Military Secretary with the accounts, copies being always entered in the Regimental Register.

* 14. Receipts for supplemental deposits, made at any time after Estates have been handed over, are also to be forwarded to the Military Secretary, accompanied by information shewing from what sources such deposits have accrued.

15. To avoid delay in adjusting the arrears of Pay due to Officers deceased, it will be the duty of the Military Auditor General, immediately on receiving notice of the decease of an Officer, to cause all Bills in his Office connected with the deceased to be examined and checked, in order to their early settlement.

16. In the case of the demise of an Officer possessed of Instruments, Field Books or Maps, or other articles, the property of Government, it will be the duty of the Committee of Adjustment to report to the convening Officer, who will be held responsible that such articles be not sold with the private Effects of the deceased, and that proper measures be taken for their safe custody. A copy of such report will be inserted in the proceedings of the Committee.

* 17. As soon as practicable after the disposal of Effects, the Commanding Officer is required to cause an Account Current to be entered in the Regimental Register of Estates—prepared in the annexed form No. 1—together with copies of the several vouchers connected with it.

* 18. The Register of Estates referred to in the preceding paragraph is to contain copies of all documents of every description, as well as of all correspondence connected with each Estate.

19. Similar Registers are required to be kept at all Stations for Estates coming within the provisions of paras 2, 3 and 4, Section II.

* 20. A certified copy of the Account Current with the original vouchers, is to be forwarded to the Military Secretary, accompanied by Inventory and Account Sale.

21. All communications from Committees of Adjustment to the Military Secretary are to be forwarded under the countersignature of Commanding Officers.

* 22. References to and from the Administrator General regarding Estates are required to be made through the Military Secretary.

* 23. Separate letters are invariably to be forwarded for each separate Estate—excepting only in the case of Native Estates, for which it will be sufficient that only those of the same Corps or Department are included in the same letter.

24. On finally making over an Estate to the Military Secretary or other authorised person, the Commanding Officer will forward to the Military Secretary a Notification of his having done so for publication in the Fort St. George Gazette—specifying whether with or without a Will. Form No. 2.

25. No charges will be allowed for advertisements in Newspapers—excepting when circumstances may render it necessary to publish notices to Creditors, &c. in the Bengal or Bombay Presidencies.

26. An Officer Commanding, quitting or being relieved from the charge of a Regiment, shall render to the relieving Officer the account of every Estate, the accounts and balance of which shall not have been then already rendered to the Military Secretary, or Executor, as the case may be; and such relieving Officer will be responsible for the correctness of the account unless, at the time of receiving charge of the Regiment, he objects to the account and brings such objection to the notice of the Military Secretary.

27. In case of any Officer Commanding dying, or being by sickness incapacitated from rendering or receiving accounts, the next senior Officer shall direct the assembly of a Committee consisting of three of the senior Officers of the station or Regiment, for the purpose of taking an account of all Estates, whether of Intestates or otherwise, the accounts and balances of which shall not have been then already rendered to the Military Secretary or Executor, as the case may be; and the Committee so assembled shall render the accounts taken to the Officer succeeding to the Command, or to the permanent Commandant on his resumption of duty, according to circumstances.

28. The rules now prescribed are equally applicable to the Estates of Officers of other Presidencies dying within the Madras Territory. When such casualties may take place at Stations Commanded by Madras Officers, but within the limits of other Presidencies, as at Cuttack or Dharwar, the Commanding Officer will communicate his proceedings to the Military Secretary of the Presidency within which the Station is situated.

SECTION III.

Committees of Adjustment.

* 1. For Estates of Officers dying with their Regiments, Committees of Adjustment are to be assembled as regulated by the Articles of War.

2. In the case of an Officer dying while on the Staff, or otherwise *permanently* detached from his Corps, the Committee is to be assembled by the Officer Commanding the Station at which the casualty may occur, and the proceedings will be reported by him to the Military Secretary *direct*—copies being furnished to Regiments, for all Officers under the rank of Lieutenant Colonel, for entry in the Regimental Register. Copies will not be required for Estates of Medical Officers so circumstanced.

* 3. In the case of an Officer or Warrant Officer dying while *temporarily* absent from his Regiment or Department, the Officer Commanding the Station at which the casualty may occur is to assemble a Committee of adjustment, the proceedings of which are to be transmitted to the Regiment or Department of the deceased, where also, should there be any Effects, the usual Regimental Committee is to be assembled.

* 4. When an Officer may die on route, his Effects are to be taken charge of by the Officer Commanding the nearest Military Station—who will proceed as above directed.

* 5. Committees at the Presidency, otherwise than for Estates of Officers serving with Regiments there stationed, are to be assembled by the Town Major.

6. The duties of Committees of Adjustment are as under.

1. To ascertain whether any Will exists, and if a Will or notice of Will be found, to report immediately to the Convening Officer, suspending all further proceedings until the receipt of orders from him.

* 2. To take a complete Inventory of the whole of the Effects—in every case distinctly specifying whether any and what amount of Cash was found.

3. To collect the whole of the papers of the deceased.

Note.—The duties of Committees at the Presidency assembled by the Town Major are restricted to Nos. 1, 2 and 3.

* 4. To prepare a Statement shewing, as far as practicable, all sums due to the Estate, from whatever source, and all debts due by the deceased, distinguishing Regimental debts from others, and noting against each the opinion of the Committee as to whether justly due.

* 5. Under the provisions of para 8, Section I—if so directed by the Commanding Officer, to cause the Effects to be sold—taking care that the Account Sale distinctly accounts for every item entered in the Inventory, and that the name of the actual purchaser is entered against each lot.

* 6. To draw whatever Pay and Allowances may be due to the Estate. (By the Committee at the Station where the casualty may have taken place.)

* 7. To realise all sums due to the Estate upon Accountant General's Bills, or Hoondees, or by parties connected with the Regiment, or at the Station.

* 8. To note whatever sums appear to be at the credit of the Estate elsewhere.

9. With the previous sanction of the Commanding Officer to pay all Regimental debts, in doing which they will be guided by the following rules.

* 1*st.—Ordinary Regimental Debts.*

3. Camp Equipage as required by regulation for the Officer's rank.

4. Regimental Books or Papers such as Officers are required by the orders of the Service to be supplied with for official use.

* Claims of the above description are to be carefully examined by the Committee who will certify on each their opinion of its correctness—but the Committee will refer them for payment to the Military Secretary, accompanied by full information of particulars and vouchers.

* All other claims without exception are to be registered in a separate List for transmission to the Military Secretary accompanied by whatever vouchers the several parties have to produce in support of their respective claims—with full particulars of each.

---

* 7. In no case are private papers to be examined—any marked to be destroyed are to be burnt in presence of the Committee, who will note their having done so in the Inventory.

* 8. Private papers not so marked, are to be separated from papers of accounts, bills &c., as far as this may be practicable without perusal, and sealed up.

* 9. Public papers belonging to the Regiment or Department are to be made over to the Commanding Officer.

* 10. Committees are at liberty to reserve from sale such Articles as they may consider likely to be acceptable to the family of the deceased—the estimated value of each article being carefully noted in the Inventory,—but they are in no case to be made over to any party without the sanction of the Military Secretary.

* 11. When such Articles may be required to be transmitted to the Military Secretary, they are to be packed under seal, labelled with a certified list of contents, and, if known, the address of the party for whom intended.

3. Funeral charges for Non-Commissioned Officers, &c. are not to exceed the amount of interment allowance granted by Government.

4. Estates of Military Pensioners are not taken charge of by the Military Secretary. They are to be left to follow the ordinary course of Private Estates, and whenever from the family of the deceased not being present, or from any other cause, it may be necessary for any Military Officer to interfere, immediate reference must be made to the nearest Judicial authority, whose duty it is to take charge.

5. The only exception to the above rule is the case of a Military Pensioner who may be under the orders of the Town Major or other Military authority for embarkation to Europe—whose Estate is to be disposed of under the rules applicable to Soldiers generally.

FORT ST. GEORGE, 25th August 1846.

No. 201 of 1846.—The following General Order by the Hon'ble the President of the Council of India in Council, is republished at this Presidency.

General Orders by the Hon'ble the President of the Council of India in Council.

Fort William, 7th August 1846.—No. 213 of 1846.—The Hon'ble the President of the Council of India in Council is pleased to publish, for the information of the Army, the following paras. of a Military Letter No. 12, from the Hon'ble the Court of Directors to the Governor General of India in Council, dated 29th April 1846:

Para. 1. We have received a communication from the Deputy Secretary at War, notifying, that the Law Authorities of the Crown have lately declared that all Wills of deceased Soldiers, if prepared while on ordinary service, and not during service in the Field, must, to be valid, be properly signed and witnessed according to the existing Law.

2. The Wills of our European Soldiery not having heretofore been prepared in accordance with this view of the Law relating to Wills, it is desirable the opinion of the Law Officers of the Crown should be published in General Orders for the information and guidance of our European Troops, with particular instructions as to the mode in which "Wills" should be signed and witnessed.

With reference to the above, it is to be distinctly understood that the mode in which the Wills of Soldiers prepared on "Ordinary Service," and not during "Service in the Field," should be signed and witnessed, is that prescribed by the 7th Section of Act XXV, of 1838.

The following are the precise requisites:

1st. The Testamentary Instrument, whether Will or Codicil, must be signed at the foot or end thereof.

2dly. It must be so signed by the *Testator* himself (his mark, if he be unable to write, is sufficient) or by some *other person*, in his *presence*, and by his *direction*, and such other person may be one of the subscribing witnesses.

3dly. The signature must be either *made* or *acknowledged* by the Testator in the presence of two witnesses present at the same time.

4thly. Such two witnesses must both attest such signature, or acknowledgment of a signature, by subscribing (both on the same occasion, and after the Testator's signature has been made or acknowledged in their presence) their respective names in the presence of the Testator.

The following form of attestation is recommended as comprising all that is requisite:

"Signed by the Testator A. B. in the presence of us present at the same time, who have hereunto subscribed our names as Witnesses in the presence of the said A. B., and in the presence of each other, this day of 18 ."

N. B. If the signature be made *for* the Testator by some person in his presence and by his direction as authorized by the Act, the name of the Testator should be signed, and the form of the attestation may run thus:

"The above signature was made by C. D., for, and was acknowledged by, the Testator A. B. in the presence of us, present at the same time, who have hereunto subscribed our names as Witnesses in the presence of the Testator, and in the presence of each other this day of 18 ."

FORT ST. GEORGE, 18TH JULY 1851.

No. 140 of 1851 —The Right Honorable the Governor in Council is pleased to publish the following despatch from the Honorable the Court of Directors respecting Lieutenant, Brevet Captain Edward Harrington Impey of the 31st Regiment Light Infantry.

Letter dated 2d April 1851, *No.* 14.

Military Letter to Court dated 26th September 1850, *No.* 114.
Forwarding correspondence relative to the official misconduct of Lieutenant and Brevet Captain Edward H. Impey, 31st N. I. late Senior Assistant to the Commissioner of the Tenasserim Provinces, and reporting proceedings thereon. Noticing a report from the Commissioner of those Provinces to the effect that Captain Impey has absconded into the Shan States.

Para. 1.—In our letter to the Government of Bengal in the Judicial Department dated the 18th December 1850, we entered into a review of the delinquencies of Brevet Captain Edward H. Impey, of your Establishment, during the time he held the office of Senior Assistant to the Commissioner of the Tenasserim Provinces; and we concluded by stating that we should expect a further report of the proceedings "regarding the sequel of this disgraceful case."

2. Consequent on the receipt by your Government from the Government of Bengal of a copy of the correspondence, and the reference of the same to the Commander in Chief, it was proposed to bring Captain Impey to trial before a Court Martial on a charge of "scandalous and infamous behaviour unbecoming the character of an Officer and a Gentleman," as set forth in five instances.

3. In handing up the Draft of this charge the Commander in Chief informed you that Captain Impey had requested to be allowed to resign the Service in preference to taking his trial; but that the Commander in Chief was unable to recommend a compliance with this request.*

* Letter from the Adjutant General of the Army dated 30th July 1850.

4. Matters were in this state when you received information from the Officer Commanding the

Troops in the Tenasserim Provinces dated the 18th July 1850, that Captain Impey had absconded and was then in the Shan States. The date of his departure was stated to be the night of the 21st June 1850. As Captain Impey was a defaulter to a large amount, the Commissioner considered it necessary to attach Captain Impey's property wherever it could be found within his (the Commissioner's) jurisdiction.

5. We now find it necessary to direct that if at the date of your receipt of this despatch Captain Impey shall not have surrendered to take his trial on such charges as may be preferred against him, he be struck off the List of the Army as a Deserter from the 21st June 1850.

Captain Impey not having surrendered himself up to the 20th June 1851, the Governor in Council directs that he be struck off the list of the Army as a Deserter from the 21st June 1850, and that the following Promotions be made.

Senior Ensign William Owen Tudor (resigned) to be Lieutenant, vice Impey; date of commission 21st June 1850.

GENERAL ORDER BY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, 17th March 1848.

No. 115 of 1848.—The Right Hon'ble the Governor General is pleased to publish in General Orders the following Extract of a Military Letter from the Hon'ble the Court of Directors to the Government of India, No. 19 of the 20th October 1847, paras. 7 to 10.

"*Letter from the Governor General, dated 22d June* 1847.
Submitting a Memorandum, dated 16th June 1847, containing an exposition of His Lordship's views with respect to the classes entitled to Medals when these distinctions are granted to the Troops engaged in Military operations."

" Para. 7. We approve of the specification by the Governor General of the following Classes as entitled to receive Medals, viz.

European and Native Officers of all ranks.
Quarter Masters.
Pay Masters.
Surgeons and Assistant Surgeons.
Subordinate Medical Servants, including Hospital Apprentices, Native Doctors and Sub-Assistant Surgeons.
Veterinary Surgeons.
Riding Masters.
Conductors and Sub-Conductors.
Non-Commissioned Officers.
Drummers and Rank and File.
Gun Lascars.
Ordnance Drivers, confining the number to those actually required to be up with the Guns at all times in Action, certified by the Officer Commanding the Battery.

" 8. We also approve of the suggestions with respect to other classes, as contained in the following paragraphs of the Governor General's Minute of the 16th June, 1847.

" Whenever any one of these men, Bheestees, Ammunition Camel Drivers, Artillery or Staff Syces, " or Dooly Bearers, is wounded in any Action for which a Medal is granted to the Army, and shall pro- " duce proof from competent authority that he was maimed in the performance of his duty, such indivi- " dual shall have the Medal, the Batta, and the same rewards as are given to Gun Lascars when wounded. " If the wound is equal to the loss of a limb, the same rewards and the same pension as a Gun Lascar; " or if killed in Action, his heirs shall be entitled to a similar pension as the Gun Lascar."

" Claims for Regimental Tent and Store Lascars will be equally entitled to consideration, if it can " be shewn that they were maimed or hurt in the legitimate exercise of their duties, such as in Forts, " Batteries and Entrenchments, and if in the course of a Campaign, any man of the preceding classes can " prove, certified by his Commanding Officer, that he conducted himself with distinguished merit and " gallantry, although not wounded in Action, the case may be brought before the Government by the " Military Authorities, and if the Government should approve of an investigation, a Committee may be " convened, and the claim be reported upon in the same manner as is now the rule for the *Order of Mili-* " *tary Merit.*"

" 9. This decision, as regards Batta, will apply to the claims of Camp Followers, brought to our notice, in the Governor General's Letter, of 21st January last, including the Sirdar and Classies of Maga-

zines attached to the Loodianah Magazine, who, during the late Campaign acted as Artillery Men, and were told off to the different Guns in that Fort. These Men became for that time entitled to the privileges of "Fighting Men."

"10. The several decisions on applications from Officers and Detachments to receive Medals for the Battles on the Sutlej, and in Scinde as described in the Governor General's Minute of the 16th June 1847, appear to have been founded on a correct principle, and have our approval."

FORT ST. GEORGE, 1st August 1851.

No. 149 of 1851.—The Right Honorable the Governor in Council is pleased to direct the publication of the following copy of a Revenue Dispatch from the Honorable the Court of Directors to Bengal, on the subject of the levy of Customs duties on articles imported into India for the use of Regiments of Her Majesty's and the Honorable Company's Service.

Separate Revenue Despatch to Bengal, No. 3, dated 9th April 1851.

Letter dated 30th March (No. 8) 1850, para. 6.
Letter dated 5th July 1850 (No. 11), paras. 11 to 13.
Letter dated 9th September 1850 (No. 14), para. 12.

Para. 1. These paragraphs bring to our notice four instances in which an exemption from Customs duty on Wines and Spirits, brought or sent out for the use of the Messes of Her Majesty's Regiments serving in India, was applied for, in three of which the application was complied with, and in the fourth refused.

2. We desire that in future the rule laid down in Mr. Secretary Prinsep's letter to the Board of Customs, Salt and Opium, dated the 11th April 1838, may be strictly adhered to, under which, exemption from Customs duty is granted to all articles of Military Store the property of Government, or of the Regiments of Her Majesty's and the East India Company's Service, but denied to the Mess Stores or to the property and equipments of the Officers of a Regiment individually or collectively, which when imported are to be chargeable with the same duties as similar articles provided in the way of trade for sale in Calcutta.

3. A practice has for some time prevailed under the Madras Presidency, of permitting Commanding Officers of Regiments, to obtain from England and to pass free of duty, articles intended to promote the health and comfort of the Soldiers,—such as wine, woollen cloth, flannel, &c., provided that application is made through the proper channel to Government, previously to the goods being ordered, to this practice we have no objection, it being understood that the exemption from duty extends only to articles which are to be applied exclusively to the use of Soldiers, as in the case of the Rum which is now issued to Regimental Canteens at cost price free from duty.

4. As the practice in these respects appears to differ at the several Presidencies, we shall forward a copy of this Despatch for the information and guidance of the Governments of Fort St. George and Bombay.

FORT ST. GEORGE, 5TH SEPTEMBER 1851.

No. 169 of 1851.—The Right Honorable the Governor in Council, is pleased to direct, that the practice hitherto in force of delivering to Pensioners, the Pension Certificates received from the Superintendent of Pensions shall be discontinued and the following system adopted.

1. On Men being recommended by Medical Invaliding Committees for transfer, from the Effective Establishment, Heads of Corps and Departments shall, on the first intimation thereof, adopt immediate measures, for the adjustment of their accounts, which it is presumed in the majority of cases may be effected on the date, from which the parties are directed in General Orders to be struck off the strength of their Corps or Departments ; on the receipt of the G. O. and the accounts being settled, intimation is to be given to the Pensioners, that they are at liberty to proceed at once to their Pension stations, and when the parties are about so to proceed, a Passport and Pay Certificate, as embodied in the amended form of certificate annexed to para 1, page 276, of the Pay and Audit Regulations, or in the case of heirs a Passport in the form No. I. appended shall be delivered to them.

2. On the arrival of the Pensioner at the station selected for residence, the Officer in charge will take up the Passport and issue a Ticket in the form No. II. or III. appended *(as the case may be)* in lieu of the Pension Certificate, *which having been received direct from the Superintendent of Pensions,* should be copied in full into the Station Register and kept in deposit in the Station Office, every precaution being taken to prevent any unauthorized person having access, either to the Pension Certificates, or Station Register.

3. No Ticket shall be issued, until the paying Officer is satisfied, as to the identity of the party claiming it with reference to the description of the Pensioner contained in the Pension Certificate in deposit.

4. The monthly payments and periodical muster of the Pensioners are to be noted, as they occur on the back of the Ticket.

5. In the event of the loss of a Ticket the paying Officer, with whom the Pension Certificate is deposited, is authorized to grant a duplicate, or copy of the same, under his own responsibility, noting thereon the last payment that was made on the original, as also the cause of the duplicate or copy being furnished.

6. On the permanent removal of a Pensioner from one station to another under the sanction* of the Superintendent, his Pension Certificate should be forwarded *direct* under a sealed cover to the new station, where the paying Officer should adopt the course prescribed in the second paragraph of this order—on all such occasions the Officer forwarding the Certificate should note on the back of it the last payment made, and under such entry the following viz : " removed to ——————— under the sanction* of the Super-

* The words " under the sanction of the Superintendent," required only for Native Pensioners.

intendent of Pensions dated ——— 18th ————————," whereby the paying Officer, whose duty it will be to discourage as much as possible frequent removals, will be enabled to see how often the Pensioner has changed his station.

7. The same precaution may be used in the case of a Pensioner proceeding on furlough, the Pension Certificate being sent under sealed cover direct to the station, where the Pensioner is proceeding, and returned in the same manner on the expiration of the leave.

8. With a view of preventing fraud, and discouraging frequent applications for change of station and furlough, which are attended with much inconvenience and trouble, Pensioners to whom either indulgence may be accorded, will be precluded under the above arrangement from drawing their stipends *en route*—in consideration however, of the inconvenience to which Pensioners on proceeding to their *first* station might be subjected by the application of this restriction, Paymasters through whose ranges they may pass, are authorized to disburse to Pensioners under such circumstances such amount of Pension pay, as may be due in arrears, notifying the same on the back of their last Pay Certificate or Passport vide form No. I. (as the case may be) which shall be recovered on the first issue of pay *on abstract*—in the event of a casualty occurring on route, all documents (accompanied by a certificate of the date of decease) should be forwarded to the station, to which the Pensioner may have been proceeding.

9. The amount of Pension recommended in each case, will be inserted in the proceedings of Medical Invaliding Committees forwarded for the approval of Government, which proceedings after being passed by Government shall be returned to the Departments concerned, in order that the amount of the Pension authorized may be inserted in the G. O. C. C. notifying the transfer, by whom they will be forwarded with as little delay as possible to the Superintendent of Pensions.

10. Printed forms of Tickets, will be supplied to stations &c. by the Superintendent of Pensions, and paying Officers will intimate from time to time, the number of Tickets, which may be required.

11. In the event of a casualty, the Ticket will be destroyed by the paying Officer of the station, to which the Pensioner belongs, or, if on furlough will be forwarded to the deceased's permanent station; the Pension Certificate, on which should be notified the last payment made, and date of decease, being forwarded as usual to the Superintendent's Office.

12. With a view to the carrying out of the above arrangement, the names of Pensioners of the 6th, 7th, 8th and 10th, classes, as well as of all individuals pensioned from Departments, *other* than those individuals for whose transfer to the Pension Establishment the Commander in Chief's recommendation to Government is forwarded by the Adjutant General (and whose names &c. it has hitherto been the custom to publish in G. O. C. C.) shall on their admission to the Pension Establishment be published in General Orders, together with their class, No. of Pension Certificate, &c. to enable Officers to prepare Passports according to form No. I, appended; for which purpose the Superintendent of Pensions shall, as early as practicable after the receipt of the order of Government, forward rolls of all such to the Adjutant General of the Army, affording the information required for the above notification.

13. In conformity with the foregoing instructions section I, para 12, page 4, Pension Regulations should be modified, and para 1, head "Certificate," page 276, Pay and Audit Regulations, will hereafter be read as follows, viz:

"Individuals transferred to the Pension Establishment are not to be allowed to quit the stations, at which they may be, prior to the receipt of the General Order directing their transfer, and Officers charged with the duty of delivering Passports &c., will adopt the earliest measures for the adjustment of the Men's accounts, so as to afford them the option of proceeding at once on being struck off the strength of their Corps to their Pension stations, communicating the date of delivery of the above documents to the Officer in charge at the station, to which the Pensioners are directed to proceed. In substitution of the usual Passport and Pay Certificate, the Pensioner is to be furnished with a Certificate in the following form, shewing the date up to which pay has been drawn, and whether he was detained by order for the adjustment of public demands, or other equally valid reason and if so, the period of detention, and whether difference between Effective and Pension pay for that period, or any part of it, has been drawn, as prescribed by Regulation (vide para 2, "Effective pay") this Certificate should, if possible, be granted on the day of the Pensioner's departure en route to his Pension station, or the day preceding it, and dated accordingly, and is invariably to be attached to the first abstract on which Pension is drawn.

SIR,

I have the honor to transmit to you herewith a copy of the Queen's gracious Warrant dated the 8th instant for extending to the Serjeants and Staff Serjeants of Her Majesty's Army, in the event of their reduction from such Rank, the same privileges in regard to Good Conduct Pay and Distinctions, as, with the requisite absence of their names from the Regimental Defaulter Book, they would be entitled to claim had their previous Service been wholly rendered in any rank inferior to that of Serjeant.

Her Majesty's Pleasure under the conditions expressed in the Warrant is to have effect from and after the date thereof, and such claims, under its provisions, as may properly arise on the part of Soldiers who have been since reduced from the rank of Serjeant or Staff Serjeant, are to be stated in the appropriate Form and forwarded for my consideration, with the usual certified copies of the Records of the Services of the Claimants, and with a separate certificate from you, in the case of each, specifying every successive date on which his name has been necessarily entered in the Regimental Defaulter Book. FORT ST. GEORGE, 19TH SEPTEMBER 1851.

No. 180 of 1851.—The Right Honorable the Governor in Council directs the publication of the following Despatch from the Honorable the Court of Directors and its enclosures.

Letter dated 6th August 1851, *No.* 41.

We forward to you, the copy of a letter from H. Merivale, Esq. dated Downing Street, 22d July 1851, announcing that Her Majesty's Government has authorized the Lieutenant Governor of Van Dieman's Land to hold out to any Officers of the East India Company's Forces, the same privileges in respect to Land which are accorded to the Queen's Officers of similar rank. You will be pleased to communicate this announcement in General Orders for the information of Officers retiring from the Service.

DOWNING STREET, 22*d July* 1851.

SIR,—With reference to the correspondence which has passed on the question of granting to Officers of the East India Company's Service the same privileges which are allowed to Officers of Her Majesty's Army and Navy in the acquirement of Land in the Colonies, I am directed by Earl Grey to acquaint you for the information of the Commissioners for the affairs of India, that circumstances have occurred which have led Her Majesty's Government to hold out encouragement to all persons of good character and possessed of independent means who may resolve to settle in Van Dieman's Land.

The objection felt to conferring the abovementioned privileges on the Company's Officers in the Colonies generally, rested chiefly on the ground that it did not fall within the duty of those Officers to serve in the Colonies, and consequently that undoubted as were their merits, there would have been no more reason to grant any particular boon to them than to any other settlers of equal respectability. But Van Dieman's Land is now placed in a position somewhat different from that of most other Colonies. It presents the rare example of a Settlement in which the amount of available labor is very large in proportion to the number of Employers. The result is that it is for the public interest to encourage some additional influx of persons possessed of means of their own, whilst on the other hand the unusual abundance and the consequent cheapness of labor, affords to such persons an advantage which they would not be able to meet in any other new Countries. On these grounds, I am to state that Her Majesty's Government has been very happy to authorize the Lieutenant Governor of Van Dieman's Land to hold out to any Officers of the East India Company's Forces the same privileges in respect to Land which are accorded to the Queen's Officers of similar Rank, and I am to request that this information may be conveyed to the Court of Directors to whom Lord Grey hopes that it may be acceptable, and that the Court of Directors may be moved to take such steps as it may deem proper to make the measure known amongst Officers in their Service.

Enclosed are some copies of the existing Regulations in respect to Military Settlers.

I am, &c.

The Hon'ble J. E. ELLIOT, M. P. (Signed) HERMAN MERIVALE.

Information for the use of Military and Naval Officers proposing to settle in certain of the British Colonies.

1. The Colonies in which Military and Naval Officers are allowed privileges in the acquisition of public Lands, are the following:—*First*, The Australian Settlements, consisting of New South Wales, Van Dieman's Land, South Australia, Western Australia, and the Northern Province of New Zealand; *Secondly*, Ceylon; and *Thirdly*, the Cape of Good Hope.

2. In the different Australian Settlements, in Ceylon, and at the Cape of Good Hope, land is disposed of by sale only; but Officers purchasing land, are allowed a remission of the purchase money, according to the undermentioned scale:

Field Officers, of 25 years' service and upwards, in the whole	£600
Field Officers, of 20 years' service and upwards, in the whole	500
Field Officers, of 15 or less years' service, in the whole....................	400
Captains, of 20 years' service and upwards, in the whole	400
Captains, of 15 years' service or less, in the whole	300

Subalterns, of 20 years' service and upwards, in the whole £300
Subalterns, of 7 years' service and upwards, in the whole...................... 200
Subalterns, under 7 years' standing, are not entitled to any remission in the purchase of Land.

Regimental Staff Officers, and Medical Officers of the Army and Navy, are allowed the benefit of this Rule.

3. Officers of the Army or Navy, proposing to proceed to the Colonies, in order to take advantage of this indulgence, should provide themselves with certificates from the Office of the Commander-in-Chief, or of the Lords Commissioners of the Admiralty, or of the Master General of the Ordnance, showing that their emigration has been sanctioned, and stating exactly their rank and length of service. No document from the Office of the Secretary of State is necessary.

4. Military Chaplains, Commissariat Officers, and Officers of any of the Civil Departments of the Army; Pursers, Chaplains, Midshipmen, Warrant Officers of every description, and Officers of any of the Civil Departments of the Navy, are not allowed any privileges in respect of land. Although members of these classes may have been admitted formerly, and under different circumstances, they are now excluded. Mates in the Royal Navy rank with Ensigns in the Army, and Mates of three years' standing, with Lieutenants in the Army, and are entitled respectively to corresponding privileges in the acquisition of lands.

5. Gentlemen who have ceased to belong to Her Majesty's Service are not allowed the advantages to which they were entitled while in the Army or Navy. This rule, however, is not to affect Officers who desire to quit the Service, for the express purpose of settling in the Colonies; it is only required, that when they resign their Commissions, they should apply for a certificate from the Commander-in-Chief, or from the Lords Commissioners of the Admiralty, or from the Master General of the Ordnance, that they do so with the view of emigrating, and such certificate, if produced to the Governor of any of the Colonies before mentioned within one year from its date, *but not otherwise,* will be a sufficient warrant for allowing the bearer the same advantages as Officers who are still in Her Majesty's Service.

6. An actual residence of two years in the Colony must be proved before the Titles can be granted, except in cases in which death may have occurred before the expiration of that period.

7. For the convenience of Officers, the following heads are subjoined of the Rules for the sale of Land in the Australian Settlements:—

All Lands are disposed of by sale alone, and must have been once at least exposed to public auction.

The lowest upset price is not less than £1 per acre; but the Government has power to raise the same by Proclamation, though not again to reduce it.

The lands are distinguished into three different classes; viz., Town Lots, Suburban Lots, and Country Lots.

Upon Town and Suburban Lots, as well as upon a proportion not exceeding one-tenth of the whole of the Country Lots offered for sale at any auction, the Governor has the power of naming a higher than the general or lowest upset price: these last to be designated "Special Country Lots."

Town and Suburban Lots are in no case disposed of except by public auction; but Country Lots, which have already been put up to public auction, and not sold, may be disposed of afterwards by private contract at the upset price.

No Lands are sold by private contract, except for ready money. When sold by public auction, one-tenth at least of the whole purchase-money must be put down, and the remainder within one calendar month, or the deposit is forfeited.

Lands are put up for sale in Lots not exceeding one square mile in extent.

8. In Ceylon, Land is sold by auction at an upset price, which is to be fixed by the Governor, but which is not to be less than £1 per acre. Before the Lands are exposed for sale, they will be surveyed by the Government, and duly advertised.

9. At the Cape of Good Hope the upset price is 2*s.* per acre in the old Colony, and 4*s.* per acre in the District of Natal.

10. The several prices above-mentioned are of course subject to a revision at any time by the proper authorities, and the pecuniary amount of the Remission made to Officers cannot be increased on account of an increased value set upon the Lands.

May 1851.

treasure or stores, either within or beyond the territories of the Hon'ble the East India Company, the Officer Commanding the detachment shall nominate an Officer, not on Regimental Staff, to perform the Staff duties of the detachment, such nomination being subject to confirmation by the Commander in Chief.

2. The Officer nominated as detachment Staff, will, from the date of entering on the duties of that situation, be removed from the command or charge of the Troop or Company which he may have held in his own Corps, and will draw a consolidated Staff allowance at the rate of rupees (110) one hundred and ten monthly while so employed.

It may happen that no Regimental Staff Officer is present with the portions of Corps forming these smaller detachments; when this occurs, the Officer appointed to perform the detachment Staff duties will, instead of the above sum of one hundred and ten Rupees (110), receive the full allowances of an Adjutant of a Corps of the line, in consideration of his increased labors.

GENERAL ORDERS BY THE MOST NOBLE THE GOVERNOR GENERAL OF INDIA.

Simla, 16th September 1851.

The Most Noble the Governor General is pleased to lay down the following rules for the examination of Officers appointed to the Commissariat department:

Examinations will be held at head quarters of divisions only, by committees composed of the senior Revenue Officer at the station, the Deputy or Joint Deputy Commissary General, and the Superintend-

ing Engineer of the circle, the senior to preside; or, in the absence of the last named Officer, the Executive Commissariat Officer, or Executive Engineer, may be appointed. Where the services of the Executive Commissariat, or Executive Engineer, may not be available, the Major General commanding the division may select any Officer as a third member in his place.

The reports of committees are to be submitted to Government through the head of the Commissariat department.

Candidates for the Commissariat department will, before appointment to it, be examined in the rules of arithmetic, including vulgar and decimal fractions, involution, and evolution; also in mensuration and the computation of areas and solid contents, and the system of book-keeping by single and double entry.

Officers, previous to appointment to the Commissariat department, are already required by existing regulations to have passed the Interpreter's examination in the native languages.

During the year of probation, the young Officer will be appointed to do duty in one of the large Commissariat offices, and the Executive Officer in charge is required to exact from him punctual attendance during office hours, and at committees, inspections, and other executive duties, and to afford him every assistance in his power in attaining a practical knowledge with the routine of office duties.

The Executive Officer is required, on the completion of the Officer's term of probation, to furnish the examination committee with a certificate on the several points adverted to in the preceding paragraph. This certificate is to be attached to the report of the committee.

The following are the heads of the second examination:

1st. The probationer's acquaintance with his responsibility and duties, in the care and custody of the public cattle and stores under the charge of a Commissariat Officer.

2d. His knowledge of the system of procuring supplies by departmental agency or contract, as circumstances may require, and the rules affecting the preparation of contract deeds and the liability of contractors.

3d. His acquaintance with the mode of rationing European Troops, and the different articles comprising their rations.

4th. His acquaintance with the mode of rationing Native troops, and the circumstances under which rations are issued to them.

5th. His knowledge of departmental rules, and of the forms of returns furnished periodically to the heads of his department.

6th. His ability to draw up with accuracy estimates and average statements of the cost of victualling troops and feeding cattle.

7th. His knowledge of the equipments of cattle and stores required for the cavalry, artillery, and infantry, with reference to their numbers and the distance to be marched.
